

PRASAD BIRAJDAR

Software Engineer

birajdarprashant880@gmail.com | 7498887040 | [Linkdin](#) | [GitHub](#) | [GFG](#) | [LeetCode](#)

SUMMARY

Software Developer with 2+ years of experience in building and optimizing scalable, high-performance web applications using ReactJS, Redux, TypeScript, Material-UI, REST API's, NodeJS.

SKILLS

Languages: Javascript, Typescript, HTML, CSS, C++.
Frameworks / Libraries: React, Node, Redux, Saga, Tailwind, bootstrap, MUI.
Others: REST APIs, Webpack, Git, Npm, Hooks, Object Oriented JavaScript, DOM, Single Page Applications (SPA), Software Engineering, Full Stack Development, Responsive Web Design, Data Structures

WORK EXPERIENCE

Thinkitive Technology **02/2023 - Present**

Proficiently utilized **ReactJS, TypeScript, Redux**, and modern front-end tools to build dynamic, user-friendly, and high-performance web applications.

Contributed to live projects in the **Embedded Athena, Docsink Extension, and Ortholiv (Remote Injury Care) , Crystal Psychiatric EHR**, delivering customized front-end solutions tailored to meet specific client requirements.

Hands-on experience with **Material-UI**, integrating reusable and responsive components.

PROJECTS

Docsink (Embedded Athena App) *Technology Stack : ReactJS, Bootstrap, HTML, Redux, NodeJS*

Developed and optimized user-friendly interfaces for the Docsink platform, enabling secure communication between patients and healthcare providers.

Contributed to the development of key modules, including **CCM functionality, Patient Profile, Add Patient Task** section, and **RPM (Remote Patient Monitoring)** , ensuring seamless patient management and enhanced healthcare workflows.

Ortholive (Remote Injury Care) *Technology Stack : ReactJS, REST API, Redux, HTML, CSS*

Developed a feature allowing providers to create injuries for patients and add evaluations for each episode, with the flexibility to close or reopen injuries anytime and more.

Vitals Functionality: Enables tracking of required vitals for specific injuries.

EDUCATION

Master In Computer Application (MCA)

Government Engineering College Of

Aurangabad

12/2021 - 08/2023

ACHIEVEMENTS

Star Performer Of The Year 2023

LANGUAGES

Marathi English Hindi
